"I have been the mother of seven children, the most beautiful and most loved of whom lies near my Cincinnati residence. It was at his
dying bed and at his grave that I learned what a poor slave mother may feel when her child is torn away from her. In those depths of sorrow
which seemed to me immeasurable, it was my only prayer to God that such anguish might not be suffered in vain. . . . I felt I could never
be consoled for it unless this great crushing of my own heart might enable me to work out some great good to others. I allude to this here
because I have often felt that much that is in that book had its root in the awful scenes and bitter sorrow of that summer. It has left . . . a
deep compassion for the sorrowful, especially for mothers who are separated from their children."
Harriet Beecher Stowe to Eliza Cabot Follen, Dec. 16, 1852

*Write a debate proposition for Uncle Tom's Cabin. See definition below. Your proposition should be one sentence to which someone
could reply, "Agreed" or "Disagree". It is not something like "Harry is Eliza's son" because that is a black and white fact and is not
debatable. Your sentence must be something that is debatable. It IS something like "Mrs. Shelby is a hypocrite".

Propositions in Debates "Debate is the process of presenting arguments for or against a proposition. Propositions for which people argue
are controversial and have one or more individuals presenting the case for the proposition while others present the case against it. Every
debater is an advocate; the purpose of each speaker is to gain the belief of the audience for his side.
